

Cameron University – Using AggiePass to Change Your Password

Use the following web address and log into AggiePass with your current username and password:

<http://aggiepass.cameron.edu/>

The screenshot shows the Cameron University AggiePass login page. On the left, there is a section titled "Update Your Cameron Account:" with links for "User Registration", "Change Password", and "ITS Helpdesk". Below this is contact information for students and faculty. On the right, there is a "Sign in" section with fields for "User Name:" and "Password:", and a "Login" button. Below the login section are links for "Reset Password" and "Unlock Account".

Use the site to change your password

The screenshot shows the "Change Password" page. At the top, there are tabs for "Change Password", "Enrollment", and "Link Accounts". The main heading is "Change Password" with the sub-heading "Change your current domain password." Below this is a section titled "Domain Password Policy Requirements" with a list of requirements: minimum password age is 0, maximum password age is 120, minimum password length is 8, number of passwords remembered is 5, and password complexity property is disabled. Below the requirements is a dropdown menu for "Select Account(s)" set to "--All accounts are selected--". There are three input fields: "Old Password", "New Password", and "Confirm New Password".

ENROLL!

Filling out your security questions will help you if you ever get locked out of your account

The screenshot shows the "User Registration" page. At the top, there are tabs for "Change Password", "Enrollment", and "Link Accounts". The main heading is "User Registration" with the sub-heading "The information you provide here would be used to authenticate you when attempt to reset password or unlock your account." Below this is a section titled "Security Questions" with a "Verification Code" tab. There is a "Length Specification" section with requirements for question length and answer length. Below this is a "Register Your Security Que & Ans" section with a dropdown menu for "Que:" and an "Answer" input field. There is also a "Write your own question" section with "Que:" and "Answer" input fields.

You can also provide your cell number or an alternative email address to assist in unlocking your account.

The screenshot shows the "User Registration" page with the "Verification Code" tab selected. Below the "Register Your Security Que & Ans" section is a "Register Your Mobile Number(s)" section with an "Enter your mobile number" input field and a "+" button.
