Committee came to the consensus that the best way to achieve our goal was to divide tasks.

Task one was to query institutional websites for wellness program information. Jennifer is researching the Atlantic states, Bradley is searching mid-America and Richard is researching the western US.

Task two is to contact regional institutions and ascertain if there are any existing “Certificate of Completion” and “Wellness” programs in existence. Doug agreed to contact those institutions.

It was agreed that Doug would be supplied with any results (to present at the next SAC meeting) by Tuesday, September 9, 2014.

It was also agreed that Doug would supply the SAC-ERC meeting Minutes.
