Your library subscribes to e-books from ebrary!

Getting Started

1. Choose a viewing option under My Settings. For a comparison of viewing options, please click here.
   - Please note your institution may have determined which option(s) are available to you.
2. Create a personal bookshelf in order to create and save highlights, notes, and more.
3. Conduct a search using simple or advanced, by keyword, full-text, publisher, or author. Use Boolean or proximity operators.
4. Open a document using ebrary QuickView by clicking on the title name on image. No downloads or installations are required.
5. Navigate through the document with the table of contents, which provides chapter-level search results. Go to such occurrence of your search term, flip through pages, and go to specific page numbers. Note that in tables of contents, search results are indicated by a magnifying glass.
6. Launch the ebrary Reader by clicking on the ebrary Reader button for additional functionality found below.
   - Printing
   - Copying and pasting
   - Highlighting
   - Notes
   - Info/Tools

   Again, please note your institution may have determined which viewing option(s) are available to you.
7. Sign up for training and view additional materials by visiting ebrary’s Support and Training page.
