Join the First Four Weeks Campaign! Getting engaged and involved in your first four weeks on campus can really help to get you off to the right start in college. To help you out, we’ve come up with a list of specific things that you can do in your first month at Cameron University that will make you feel more connected to campus and set you up for success. To be part of First Four Weeks, just choose three and try them. Later in the semester, we’ll check in with you to see what you tried and if it worked for you.
