

### Affidavit of Financial Support

United States Citizen and Immigration Services (USCIS) regulations require documentation that sufficient financial resources are available to meet a student's prospective educational and living expenses while in the United States. Therefore, Cameron University requires a guarantee of financial resources from each applicant who expects to obtain or maintain F-1 visa status. Applicants are required to submit documentation that shows financial resources equal to or exceeding one year of expenses for the program of study they are interested in pursuing. The Form I-20 will not be issued until this information is provided.

All financial aid sources – scholarships, loans, and on-campus employment – are small in number, of limited monetary value, highly competitive, and should not be relied upon for financial support.

I understand the expenses listed at <http://www.cameron.edu/admissions/international/tuitionandfees> are cost estimates. The actual costs vary based on changes in tuition and fees, books and supplies, room and board, medical insurance, and personal lifestyles. If a spouse and/or children will accompany the F-1 student to the United States, additional funds must be available to support dependents amounting to \$10,000 for a spouse and \$6,000 for each child.

I guarantee that I will provide the student with sufficient funds to meet the actual expenses incurred for each year the applicant is enrolled at Cameron University. I certify if there are dependents that plan to accompany the application, I will provide the additional funds necessary to meet the needs of the applicant's dependents. I certify that I can make the necessary arrangements to have all the funds transferred to the United States. I also understand that the tuition and fees are due at the beginning of every semester. The student will not be able to enroll in the following semester until the account is paid in full.
