

APPLICATION POINT FORM- RAD TECH

Transfer credits from other institutions must be sent to Cameron University for evaluation and recorded on a Cameron University OFFICIAL transcript before the deadline date. This process may take up to 2 weeks to complete.

By using individual grades and ACT composite scores, students who are not satisfied with their slotting score have the option to retake the ACT or retake individual courses to obtain higher points. Students at any step of the application process can calculate their own final slotting score and determine if they satisfied with it or want to improve it.

POINTS are assigned for each prerequisite course by using the following scale:

LETTER GRADE

“A” - 4 points

“B” - 3 points

“C” - 2 points

“D” - 0 points

***Human Anatomy and Medical Terminology must be completed with a “C” or higher to count as a completed course for entry into the RAD TECH program.**

Required Prerequisite Courses:

BIOL 1214/1214L	Human Biology	4	3	2	0
